

Lynchburg is Listening - Lynchburg 2030 CITY TO CONDUCT WORKSHOPS ON THE CITY'S FUTURE

Would you like to have a say in the future of the Lynchburg community? Do you want to have a positive impact on your neighborhood? Lynchburg's population is projected to reach over 83,000 by 2030. How will this increase affect neighborhoods, housing, transportation needs and more? This is just one of several questions Lynchburg City officials are asking residents to weigh in on as updates to the Comprehensive Plan begins. Three public workshops are being held to gather input from residents.

The Comprehensive Plan is a long range policy document adopted and amended by City Council. It establishes a vision for the City, provides policy guidance for growth and development, and contains action items directed at the City to implement the vision. The Plan shapes decisions and impacts the type of community Lynchburg will become. A critical part in updating the plan is wide participation from residents.

According to Mayor Michael Gillette, public participation is critical. He stated, "Citizen participation is essential to ensure that it (Comprehensive Plan) reflects the community's values and aspirations for tomorrow, next year and beyond. During the next few weeks, we ask citizens to take advantage of opportunities to weigh in on the future of this community. Your voice is important, and *Lynchburg is Listening*."

City residents are encouraged to attend one of the following workshops to help update the Comprehensive Plan:

Workshop Dates/Times/Locations

TUESDAY, JUNE 4

6:00 p.m. – 8:30 p.m.

E.C. Glass High School Cafeteria | Auditorium Entrance
2111 Memorial Avenue

WEDNESDAY, JUNE 5

11:00 a.m. – 1:30 p.m.

Paul Munro Elementary
School Cafeteria
4641 Locksview Road

6:00 p.m. – 8:30 p.m.

Sandusky Middle School Cafeteria
805 Chinook Place

These hands-on workshops will give participants the chance to help shape the future of their neighborhoods and the city. In addition to indicating their preferences on growth policy using hand-held electronic keypads, participants will be asked to highlight the challenges faced by their neighborhoods, opportunities for change, priorities for preservation and appropriate locations for projected growth.

The update of the Comprehensive Plan is the first part of an 18-month long project which will also include updates to the City's Zoning Ordinance. More details can be found at www.lynchburg2030.org.
